India

Summary

Frontend developer with expertise in building responsive, accessible, and high-performance web interfaces using React, Next.js, and Tailwind CSS. Proficient in HTML, CSS, JavaScript, and TypeScript, with experience in mobile development using Android Studio and Kotlin. Passionate about clean design systems, web animations, and exploring game development with Unity and Unreal Engine. Adept at using modern tools like Git, Figma, and Vercel to deliver pixel-perfect user experiences.

Skills

- **Frontend Development:** HTML, CSS, JavaScript, TypeScript, React, Next.js, Django
- **Styling:** Tailwind CSS, Sass, Responsive Design, Three.js
- **Web Animation:** Framer Motion, CSS Animations
- **Mobile Development:** Android Studio, Kotlin (built a real-time chat app)
- **Game Development:** Learning Unity and Unreal Engine for gameplay and level design
- **Backend (Basic):** Node.js, Supabase, Firebase
- **Tools:** Git, GitHub, VS Code, Figma, Canva, Krita, Vercel
- **Other:** SEO Basics, Web Accessibility, Performance Optimization

Experience

Frontend Developer (Freelance)

Remote, India

2023 – Present

- Developed responsive web applications using React, Next.js, and Tailwind CSS, ensuring cross-browser compatibility and accessibility.
- Built a real-time chat application using Android Studio and Kotlin, integrated with Firebase for authentication and messaging.
- Designed and implemented dynamic UI components with Framer Motion for smooth animations and enhanced user engagement.
- Optimized web performance, achieving up to 20% faster load times through image compression and lazy loading.

Web Development Intern

Tech Startup, India

2022 – 2023

- Collaborated with a team to build a tourism platform ("TourMe") using Next.js and Supabase, including user registration and chat features.
- Created reusable UI components with Tailwind CSS, improving development efficiency by 15%.

- Assisted in integrating SEO best practices and accessibility standards, increasing site traffic by 10%.

Education

Bachelor of Technology in Computer Science

Example University, India

2019 – 2023

- Relevant Coursework: Web Development, Mobile App Development, Data Structures, Algorithms
- Capstone Project: Developed a real-time chat application with Android Studio, Kotlin, and Firebase.

Projects

TourMe Web Application

Next.js, Supabase, Tailwind CSS

2023

- Built a tourism platform allowing users to register as tourists or guides, browse profiles, and communicate via real-time chat.
- Implemented responsive design and animations using Framer Motion for a modern user experience.

Real-Time Chat App

Android Studio, Kotlin, Firebase

2022

- Developed a mobile app with real-time messaging, user authentication, and profile management.
- Designed UI with ConstraintLayout and optimized performance for low-end devices.

Certifications

- React and Next.js – Udemy (2023)
- Web Accessibility Fundamentals – Coursera (2022)
